Movement That Matters!

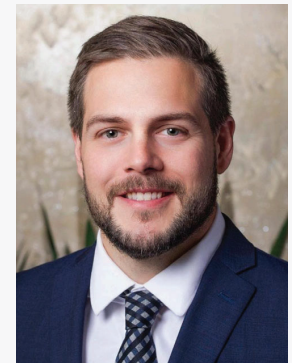

PERFECT FITS FOR THE TEAM

Thanks to a new partnership with local podiatrist **Dr. Sadie Wylie, DPM, FACFAS**, Shoes 4 The Shoeless is expanding its impact from prevention to direct care. Children identified with significant foot concerns during our deliveries in the Greater Cincinnati area can now be referred to Dr. Wylie for professional evaluation and treatment, helping remove barriers and speed access to care.

Dr. Jonathan White, DPM, also joins Shoes 4 The Shoeless as our Miami Valley Area Podiatry Consultant. Now, children we serve with significant foot damage can be referred to Dr. White or Dr. Wylie. These exciting new partnerships will help more children in Southwest Ohio receive the podiatry care they need.

DR. SADIE WYLIE

DR. JONATHAN WHITE

As a podiatrist, I see firsthand every day the impact that improper shoes have on children's feet. Many of these issues could be prevented with properly fitting shoes.

**DIGNITY &
CONFIDENCE**

Together, we can close the gap — one pair at a time.

GREATER CINCINNATI AREA DIRECTOR REPORT

As a Cincinnati native, I have deep ties to this city. I was a Cincinnati Public Schools graduate, a CRC kid playing basketball for the rec center and for school, and I even went on to teach and work as an educator for CPS. I'm acutely aware of the needs that exist in our city. Being part of Shoes 4 the Shoeless is deeply personal. I was once one of the kids who needed help, and now I get to serve those in my city.

SINCE 2023, WE'VE GROWN FROM 4 TO 24 SCHOOLS, SERVING OVER 12,000 CHILDREN IN GREATER CINCINNATI.

Every pair of shoes meets a critical unmet health need—ensuring kids can walk, run, and play. We meet the best people everywhere, and it never ceases to amaze me how many care about the kids the way we do. We've united over 2,000 volunteers in this mission. Seeing myself in each child keeps me going. Thank you for loving my kids as your own. This is only the beginning. I invite you to join us, volunteering, partnering, or spreading the word, to continue bringing relief to our community's children. Stay with us, please.

John Forde

*Some of the teachers are more excited for the event than the students are because **they see the impact** of getting new shoes on the kids after they go back to class!*
